# TO OUR PATRONS

The London Kiwanis Club appreciates your presence and thanks you for your support. The proceeds of this Concert will help us to continue our Community Services.

You will be interested to know about some of the community projects with which the name of our Club has been identified.

More than a decade ago, our Club, under the influence of Kiwanis International, initiated the Vocational Guidance movement in London through a programme at Sir Adam Beck Collegiate. This resulted in the appointment of a full-time Vocational Guidance Director for the London School system and in the subsequent establishment of a Vocational Guidance Department in Ontario. It is now the aim of the Department of Education to bring Vocational Guidance to every girl and boy in the province. All the other provinces have similar aims.

A few years ago we had the privilege of making available to London East a much needed swimming pool in McMahen Park on Adelaide street. This has proven to be a valuable asset for London.

More recently, we raised the funds necessary for the construction of a band shell in Victoria Park. The completion of this latter project now awaits only the availability of necessary materials.

For many years it has been our policy to sponsor good music in London. On this occasion we are very happy to present the brilliant conductor Dr. Leslie Bell and his distinguished group, the "Leslie Bell Singers". We are proud of the achievement of bringing to London, for the third time, this great combination of conductor and choir.

As another example of our long-established policy of sponsoring good music, we are pleased to announce that plans are under way for the presentation, in London, of Handel's "Messiah" by the massed choirs of the city, under the baton of Sir Ernest MacMillan, on February 15th, 1949.

Recognizing the interdependence of urban and rural communities, our Club has, since its inception, tried to foster better relations between the city and its surrounding area by arranging joint meetings and by donating annual prizes to encourage the boys and girls of nearby farms to improve the quality of their agricultural products.

Other projects in which our London Kiwanis Club participates actively include: The Canadian National Institute for the Blind, The Western Fair Board, Key Clubs, London Boys' Work Council, Hobby Fair, Teen Town, Hallowe'en Parties, Support of Churches in their Spiritual Aims.

The work of our own London Club as an outstanding community service unit has been recognized by the Kiwanis organization as a whole in the election of Arthur Ford and J. Bevan Hay to the Kiwanis International Board, and Fred McAlister as Kiwanis International President.

The needs of our community are many and various. By the co-operation of all, much can be done to establish in our modern society the democratic ideals for which we stand.

Yours on behalf of the Kiwanis Club of London,

J. W. ROGER McKINNEY,
President.
